A bit of history of AMNOL CHIMICA BIOLOGICA

Amnol Chimica Biologica was born in Novara in 1978 and has been present on the pharmaceutical market with an approach of continuous innovation ever since. In 1998 Amnol made a turning point by concentrating its activities in the production and marketing of pharmaceutical products coming from biological extracts and dermocosmetics.

N°0228227 / N°02282130

Quality Management System ISO 9001, GMP COSMETICS ISO 22716 and compliance with GMP FOOD SUPPLEMENTS (FDA CFR 21-part 111) issued by Bureau Veritas Italia SpA

Think Healthy

- AMNOL is one of the fewest company to carry out careful monitoring directly in its laboratories using the spectrometer NIR (near infrared spectroscopy)
- AMNOL carries out random checks on finished products by HPLC (High Performance Liquid Chromatography), sophisticated instruments that allows to verify the conformity of the product
- AMNOL also makes specific analysis to exclude the presence of gluten from its products

TRADITION

For over 30 years, carries out intensive scientific research

INNOVATION

Strategic choice, timely captured the market

QUALITY

The priority is the quality, attested by ISO 9001 certificate (quality management system), ISO 22716 certificate (GMP for cosmetics) and the FDA CFR 21 conformity (GMP for food supplements)
